

1 --59. Probe Card Assembly, according to claim 58, wherein the means for adjusting the  
2 planarity of the space transformer comprises:

3 an actuator, responsive to a computer, acting upon the space transformer.--

1 --60. Probe Card Assembly, according to claim 53, wherein:

2 the contact pads are disposed at a first pitch on the second surface of the space  
3 transformer;

4 the first plurality of contact structures each having a contact region, the contact  
5 region disposed at a second pitch; and

6 the first pitch is greater than the second pitch wherein the first pitch is a shortest  
7 distance between any two adjacent contact pads and the second pitch is a shortest distance between  
8 any two adjacent contact structures.—

### REMARKS

Entry of the foregoing amendments prior to examination is respectfully requested.

Respectfully submitted,

BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP
